

DISCRAFT retail DISPLAY

BEGINNER THREE PACK SET

Our popular retail set includes a driver, midrange and putter. Display free standing or hook mounted.

DELUXE FOUR PACK SET

Includes two drivers, one midrange, one putter and a weekender bag. Models and plastics may vary. Display free standing.

RETAIL PACKAGING

Ultra-Star deluxe box with hook mount. Retail bag with hook mount header available for virtually all our discs.

RETAIL DISPLAY RACK

Complete display rack holds approximately 150 discs, and can be free standing or wall-mounted. Comes fully assembled and ready to use out of the box. Discs sold separately.

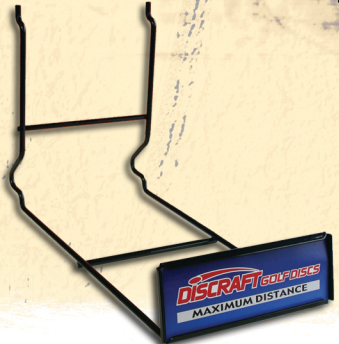

FLIGHT CHARTS & POP POSTERS

Discraft flight charts are your in-house experts to assist customers with their buying choices. All P.O.P. posters are free to retailers in most cases. See order form or ask your Discraft sales representative.

SINGLE DISPLAY RACK

This custom-designed disc rack will work on most any retail display surface, including pegboard, slatboard and wire gridwall. Holds 12-16 golf discs or 8 Ultra-Stars. The upright design keeps discs in better, and allows more product per square foot while still allowing customers to pull a disc from the back without disturbing items above. Comes with display cards by class that are interchangeable as your inventory changes. Center bar keeps discs from sliding or falling out when stock gets low.
